EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mr. David Fox on December 19, 2011.

The application has been amended as follows:

In independent claim 12, line 14, following the word "displaying", please add "on the provided view of the user surroundings,".

2. The following is an examiner's statement of reasons for allowance: the prior art of record fails to sufficiently describe and/or suggest a method for identifying a location, comprising providing a view of surroundings to a user device worn by the user in response to a position and orientation of the user, the view provided to the user device being the same user view as if the user were not wearing the user device; receiving target data from the user device corresponding to the location in the view, the target data being an image of a target in the view of the surroundings; identifying the location in the view in response to the target data; and displaying, on the provided view of the user surroundings, identification information relating to the target data corresponding to the location on the view of the user surroundings to the user, the identification information including street address and telephone number for the delivery location to confirm that the image of the target is the delivery location.

These along with further limitations set forth by the claims render the application allowable over the prior art of record.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

3. Any inquiry concerning this communication or earlier communications from the examiner should be directed to ERIC M. BLOUNT whose telephone number is (571)272-2973. The examiner can normally be reached on Monday-Thursday 8:00 am - 5:00 pm.
